TERMS OF REFERENCE

Business Development Officer- BDO

1. Background

The Government of the Philippines (GOP) has obtained a loan from the International Bank for Reconstruction and Development - World Bank (IBRD-WB), amounting to FIVE HUNDRED MILLION DOLLARS (US\$500,000,000) for the purpose of financing the Philippine Rural Development Project (PRDP) to support the Government's effort to reduce poverty among the rural communities in the country.

The PRDP is a six-year (2013-2018) initiative of the government envisioned to increase farm and fishery productivity and incomes in target areas in all 16 regions of the country. The program seeks to achieve this objective by improving access of farmers and other industry players to a strategic network of infrastructure, market information and support services. Specific investments and interventions are to be implemented under four central components of the program, namely: 1) Investments for AFMP Planning at the Local and National Levels (I-PLAN); 2) Intensified Building Up of Infrastructure and Logistics for Development (I-BUILD); 3) Investments for Rural Enterprises and Agricultural and Fisheries Productivity (I-REAP); and 4) Implementation Support to PRDP (I-SUPPORT).

Through I-REAP, PRDP will engage broad sections of the sector in the production of marketable surplus through investments in strategic segments of priority commodity value chains prioritized under the Regional Agricultural Fisheries and Modernization Plans and the Provincial Commodity Investment Plans (PCIPs).

The I-REAP activities can be categorized into two sub-components:

- 1) Rural Agri - fishery enterprise and productivity enhancement; and
- 2) Technology and information for enterprise and market development

I-REAP Objectives

The general objective of the I-REAP component is to strengthen and develop viable agri-fishery based enterprises through efficient value chains of key agricultural and fishery products in targeted program areas¹. Its specific objectives are as follows:

¹ PRDP Feasibility Study Volume 3: I-REAP Component

- a. To increase productivity and marketability of agriculture and fishery products through increased access to information and support services;
- b. To increase farm and fishery household incomes through engagement in value-adding activities; and
- c. To improve the protection and conservation of the natural resource base of identified enterprises through alternative livelihoods and support facilities.
